2026-27

Sponsorship Package

Letter from the Executive Board

Dear Prospective Sponsors,

The Embry-Riddle Aeronautical University's (ERAU) American Society of Civil Engineers Student Chapter is proud to represent a growing community of students who are passionate about civil engineering and professional development. Our chapter is committed to creating opportunities for students to expand their knowledge beyond the classroom.

We are seeking partnerships with companies and professionals who share our commitment to supporting the next generation of engineers. Your involvement through sponsorship, guest speaking opportunities, mentorship, internships, or professional workshops would make a meaningful impact on our members and the continued growth of our chapter. These experiences not only strengthen our students professionally but also help foster greater interest and involvement within the field of civil engineering.

Support from industry partners also plays an important role in helping our chapter prepare for and attend the ASCE Southeast Student Symposium, where students apply their technical knowledge through regional competitions and professional events. Through your partnership, our members are able to gain valuable real-world experience while representing ERAU on a regional level.

We sincerely appreciate your consideration and would welcome the opportunity to further discuss how we can partner together. Thank you for your support and investment in the future of civil engineering.

Respectfully,

ERAU ASCE Exec Board

Achievements

Southeast Student Symposium

2023

1st Place Plans Reading

2nd Place Muddy Waters

2024

1st Place Overall Small University

2025

1st Place Overall Small University

1st Place Geowall

3rd Place Construction Institute

2026

2nd Place Sustainable Solutions

8th Place Geowall Nationals

East Central Branch

2025 Collegiate Member of the Year:

Charlene Weaver

2025 Student Outstanding Service of the Year:

Beatrice Ribeiro

Chapter Highlights

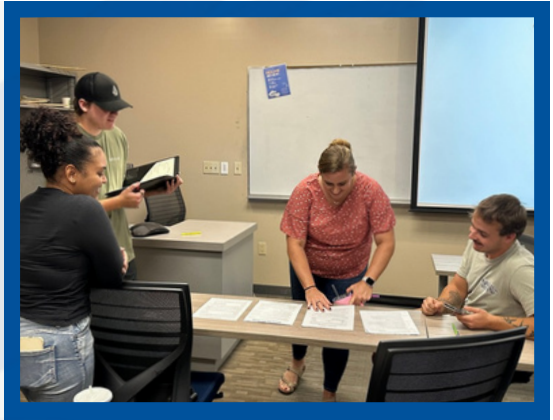

SOUTHEAST STUDENT SYMPOSIUM

ASCE ERAU participates annually in the ASCE Southeast Student Symposium, where students compete with projects developed throughout the year in collaboration with a team.

PROFESSIONAL DEVELOPMENT

Throughout each semester, weekly general body meetings offer professional development opportunities such as resume reviews, interview preparation workshops, and guest speakers from industry.

COMMUNITY SERVICE

Our members participate in outreach events such as Introduce a Girl to Engineering Day and host activities for local high school students, providing opportunities to engage with real engineering concepts.

SOCIAL EVENTS

Our chapter hosts fun social events throughout the year, including our annual gingerbread house contest, where teams compete to build structures that can survive a shake table earthquake simulation.

Sponsorship Tiers

We extend our sincere gratitude to our sponsors for their generous support of the Embry-Riddle Aeronautical University ASCE Student Chapter. Your contributions provide our members with valuable opportunities to participate in hands-on projects, professional development, networking events, and student competitions that help prepare the next generation of civil engineers. We truly appreciate your partnership and continued investment in our chapter's success.
